OUR VALUES

Patient First

We place patient well-being at the heart of everything we do, striving to deliver medicines that are safe, effective, accessible and meaningful.

Scientific Excellence

We are guided by evidence, rigorous science and a commitment to continually raise the standards of pharmaceutical development and manufacturing.

Quality Without Compromise

Quality is not merely a requirement-it is our responsibility. We integrate quality into every process, product and decision.

Innovation with Purpose

We embrace new ideas, technologies and ways of thinking to create better pharmaceutical solutions and respond to evolving healthcare needs.

Integrity & Trust

We act with transparency, ethics, accountability and respect, earning the confidence of patients, healthcare professionals, partners and communities.

Continuous Improvement

We challenge the status quo, learn continuously and improve our products, processes and capabilities every day.

Responsible Manufacturing

We are committed to responsible, sustainable and efficient manufacturing practices that respect people, society and the environment.

One Team, One Purpose

We foster collaboration, empower our people and unite diverse expertise around one purpose: advancing better healthcare.

About Us

We are a science-driven pharmaceutical medicine manufacturing company committed to advancing healthcare through quality, innovation and responsible excellence.

Our approach combines strong scientific capabilities, modern manufacturing practices, rigorous quality standards and a deep understanding of evolving healthcare needs. We are dedicated to developing and delivering safe, effective and accessible pharmaceutical solutions that create meaningful value for patients and healthcare professionals.

Driven by a culture of continuous improvement, we continually invest in technology, people, processes and scientific capabilities to strengthen our products and manufacturing excellence. From product development to manufacturing and delivery, quality and patient well-being remain at the core of everything we do.

We believe the future of healthcare belongs to organizations that can combine science with purpose, innovation with responsibility and global ambition with uncompromising quality.

With this belief & a combined professional experience of 306 man years into pharmaceuticals across Product development, Manufacturing, Quality control, Quality assurance, Pharmaceutical Supply Chain, we are building a pharmaceutical organization that is progressive in its thinking, dependable in its execution and committed to making a lasting contribution to better healthcare-today and for generations to come.

Our Purpose

To improve human health by making high-quality, science-driven medicines accessible to more people and contributing to a healthier, better future for society.

We exist to turn scientific knowledge into meaningful healthcare solutions—combining innovation, quality, integrity and responsible manufacturing to address real and evolving healthcare needs.

Because every medicine we make has a purpose beyond the product:
"To help people live healthier lives."

Portfolio : Dry Powder Injection (Beta-lactam)

Cefazolin 1g powder for injection

Cefepime 1g powder for injection

Cefotaxime 1g powder for injection

Ceftazidime 1g powder for injection

Ceftriaxone 1g powder for injection

Imipenem 500mg and Cilastin 500mg powder for injection

Meropenem 500mg powder for injection

Meropenem 1g powder for injection

Dry Powder Injection (Beta-lactam)

Our Beta-Lactam Injection Portfolio comprises a carefully selected range of sterile dry powder injectable formulations, including cephalosporins, carbapenems and combination therapies. Developed with a focus on quality, consistency and dependable performance, these products are intended to support diverse clinical requirements and provide healthcare professionals with reliable injectable solutions for antimicrobial therapy across various medical applications.

Portfolio : Oral Liquid

Bromhexine 4mg/5ml oral syrup

Cetirizine 5mg/5ml oral solution

Chlorpheniramine 2.5mg/5ml oral syrup

Desloratadine 2.5mg/5ml oral syrup

Domperidone 10mg/ml oral suspension

Ferrous sulphate 125mg/ml oral solution

Ibuprofen 100mg/5ml oral suspension

Ibuprofen 200mg/5ml oral suspension

Lactulose oral solution 66.7%

Levetiracetam 100mg/ml oral solution

Levocetirizine 2.5mg/5ml oral syrup

Levocetirizine 5mg/5ml oral syrup

Levodropropizine 6mg/ml oral syrup

Loratidine 5mg/5ml oral syrup

Multivitamin oral drops A-C-D

Multivitamin oral suspension

Pergaverine 5mg/ml oral solution

Prednisone 20mg/5ml oral suspension

Risperidone 1mg/ml oral solution

Valproic acid 250mg/5ml oral solution

Valproic acid 375mg/ml oral solution

Zinc Sulphate 5mg/ml oral drops

Oral Liquid

Our Oral Liquid Portfolio features a diverse selection of carefully formulated liquid medicines, including oral solutions, suspensions, syrups and pediatric drops. Designed for convenient administration and consistent dosing, the range addresses varied therapeutic needs across pediatric and general healthcare applications, with an emphasis on quality, stability, patient convenience and reliable formulation performance.

Portfolio : Liquid Ampoule Injection

Adernaline Injection	1mg/ml
Ascorbic Acid Injection	500mg/ml
Bupivacaine HCL Injection	0.5mg/ml, 5mg/ml
Bupivacaine Heavy Injection	5 mg
Calcium Gluconate Injection	10% w/v
Clindamycin Injection	300mg/2ml, 600mg/4ml
Cynocobalamin Injection	1000 mcg/ml, 500mcg/ml, 1500mcg/ml
Dexamethasone Sodium Phosphate Injection	4mg/ml, 8mg/2ml
Diclofenac Sodium Injection	25mg/ml
Dopamine Hydrochloride Injection	200mg/5ml
Drotaverine hydrochloride Injection	20mg/ml
Etamsylate Injection	125mg/ml
Furosemide Injection	10mg/ml
Gentamicin Injection	80mg/2ml
Glycopyrrate Injection	0.2mg/ml
Ketorolac Tromethamine Injection	30mg
Levetiracetam Injection USP	100mg/ml
Mecobalamin Injection	500mcg
Methylethergometrine Injection	0.2mg/ml
Metoclopramide Injection	5mg/ml
Neostigmine Injection	0.5mg/ml
Noradrenaline/Norepinephrine Bitartrate Injection	1mg, 2mg, 4mg, 8mg, 16mg
Ondancetron Injection	2mg/ml
Oxytocin Injection	0.05mg, 0.1mg
Paracetamol Injection	300mg
Piroxicam Injection	10mg/ml
Pyridoxine Hydrochloride	200mg/2ml
Quinine Dihydrochloride Injection	300 mg/ml
Ranitidine Injection	25mg/ml
Sodium Bicarbonate Injection	5%, 7.5% w/v
Sodium Chloride Injection	0.9% w/v
Sterilised Water for Injection	2ml, 3,ml, 5ml, 10ml, 20ml
Tranexamic Acid Injection	100mg/ml
Vitamin B-Complex Injection	2 ml

Liquid Ampoule Injection

Our Small Volume Parenteral portfolio features a comprehensive range of sterile liquid ampoule formulations designed for diverse clinical and therapeutic applications. Covering analgesics, anti-infectives, vitamins, electrolytes, anesthetics, cardiovascular and other essential therapies, these injectable solutions are developed with a focus on quality, consistency, safety and dependable performance to support varied healthcare requirements.

Portfolio : Liquid Vial Injection

Amikacin Sulphate Injection	50mg, 100mg, 250mg, 500mg
Ascorbic Acid Injection	1500mg
Dexamethasone Sodium Phosphate Injection	2ml, 10ml, 20ml, 30ml
Dobutamine Injection	250mg/20 ml
Ferric Carboxymaltose Injection	500mg/10ml, 1000mg/20ml
Gentamicin Injection	20mg/ml, 40mg/ml, 80mg/ml
Heparin Injection	1000iu/ml, 5000iu/ml
Lidocaine & Adrenaline Injection	2% w/v
Lidocaine 0.5% Injection	0.5% w/v
Lidocaine 1% Injection	1% w/v
Lidocaine 2% Injection	2% w/v
Lincomycin Injection	600mg
Metoclopramide Injection	5mg/ml
Ondancetron Injection	2mg/ml
Tobramycin Injection	40mg/ml
Vitamin B-Complex Injection	10ml, 30ml

Liquid Vial Injection

Our Small Volume Parenteral portfolio offers a diverse range of sterile liquid vial formulations across anti-infective, anesthetic, cardiovascular, gastrointestinal, vitamin and supportive therapies. Carefully developed for consistent quality and dependable performance, these injectable solutions are available in multiple strengths and presentations to address diverse clinical requirements and support healthcare professionals with reliable parenteral solutions.

Portfolio : Dry Powder Injection

Acyclovir Injection	250mg, 500mg
Artesunate Injection	30mg, 60mg, 90mg, 120mg, 150mg, 180mg, 210mg, 240mg
Azithromycin Injection	250mg, 500mg
Chloramphenicol Injection	250mg, 500mg, 1000mg
Clarithromycin Injection	500mg
Colistimethate Injection	1Miu, 2Miu, 3Miu, 4.5Miu
Erythromycin Injection	500mg, 1000mg
Esomeprazole Injection	40mg
Fosfomycin Injection	1gm, 4gm
Hydrocortisone Injection	100mg, 250mg, 500mg, 1000mg
Methylprednisolone Sodium Succinate Injection	40mg, 125mg, 250mg, 500mg, 1000mg
Omeprazole Injection	40mg
Pantoprazole Injection	40mg
Pralidoxime Chloride Injection	500mg, 1000mg
Rabeprazole Injection	20mg
Teicoplanin Injection	200mg, 400mg
Thiopental Sodium Injection	500mg, 1000mg
Tigecycline Injection	50mg
Vancomycin Injection	500mg, 1000mg

Dry Powder Injection

Our Small Volume Parenteral portfolio encompasses a broad range of sterile dry powder injectable formulations, including anti-infective, antiviral, antibiotic, corticosteroid, gastrointestinal and emergency care therapies. Available in multiple strengths, these formulations are developed with a focus on quality, stability, consistency and reliable performance, supporting diverse clinical applications and essential healthcare requirements.
